Retracted: Pathophysiology of Metabolic Syndrome

The Editor of the electronic Journal of the International Federation of Clinical Chemistry and Laboratory Medicine (eJIFCC) has retracted the article “Pathophysiology of Metabolic Syndrome” by Aganović and Dušek, which was published in eJIFCC. 2007 Feb 26;18(1):3-6 [1]. Upon notice from a reader, based on similarity index analysis, it was found that more than half the text is a copy of a previously published paper by Eckel et al [2].
