

My IFCC Roche Travel Scholarship Experience at 14th APFBC Congress, 26-29 November 2016 Taipei, TW

Wiradewi Lestari received an IFCC Roche Scholarship to attend the 14th APFBC Congress.

MS LESTARI WITH DR G. BEASTALL, IFCC PAST PRESIDENT (LEFT) AND PROF. M. FERRARI, IFCC PRESIDENT (RIGHT)

I got a lot of advantages when present at the 14th APFBC Congress. First, I could have new friends/network and I can discuss/exchange my experiences with them at the time and in the future. I was also able to join the IFCC Task Force for Young Scientists in Laboratory Medicine. And until now we've been following some programs. During Congress, I got a lot of knowledge about the development of the latest laboratory techniques. And interestingly, I got the knowledge "how to write a great research paper to get it accepted by a good journal". Recently, I had the experience of visiting Taipei. Many thanks to the IFCC for giving me the opportunity to attend the 14th APFBC Congress.
