1.0 Preliminaries

1.0 Opening remarks from President

Final IFCC Conference Schedule (2021-2030)

WorldLab and EuroMedLab Guidelines

The proposed schedule for WorldLab and EuroMedLab congresses in alternate years was shared with Paivi and the C-CC, and a meeting will be held with Paivi to discuss the new schedule and congress guidelines that would apply to both WorldLab and EuroMedLab. The goal of the new schedule and of the revised guidelines is to provide clarity for everyone regarding future IFCC events and allow IFCC administration, members, regions, sponsors and the PCO to plan ahead, and to treat everyone fairly. The regions will have the option to participate in the WorldLab congresses, and hopefully this will facilitate more successful meetings for all. Regions should also be allowed to hold their own regional meetings that do not compete with WorldLab; and regions should be allowed to hold joint meetings with other regions, but IFCC should have the option to participate as well. KA mentioned the new meeting schedule in the upcoming eNews but a formal announcement will be made after further discussions with EFLM regarding the EuroMedLab congress. The EB supported this proposal. KA will also discuss the proposed changes with MZ.
**IFCC Annual Town hall Meetings**

Town hall meetings will begin in September, 2021 and will be organized into 3 groups, North/Central/South America; Europe/Africa/Middle East; and the Asia/Pacific members, plus a separate one for Corporate members. This will be an opportunity to introduce the EB members and to get feedback and suggestions directly from individual national society members and regional federations. There will still be a lot of attendees, but the WorldCast platform should be capable of handling the large numbers of attendees.

**Annual Survey of Members**

The IFCC will survey all national society members annually. KA, DK, PB, Silvia CL will work on an IFCC annual survey for the summer. There will also be an annual survey of all corporate members.

**IFCC Conference Tax Status**

A meeting was held with the IFCC Swiss lawyer and a German lawyer specializing in taxation. It was confirmed that the IFCC does not need to pay any income tax but will need to pay VAT in EU countries and will be able to be reimbursed for at least part of the VAT paid. Certain applications/forms need to be filed which the IFCC may do via the PCO, or an accounting company.

**Appointment of an Accounting Firm for IFCC**

KA has received information and quotations (estimated 10-20,000 euros) from 3 international accounting companies with offices in Milan (KPMG, Deloitte and PwC) to provide services for IFCC. A meeting will be organized with KA, AHA, DK and PB to choose a company who will then review the IFCC operations with the IFCC Office staff and make recommendations to receive financial transactions for review and reporting.

1.1.150 Minutes of the Zoom meeting of February 24th, 2021
The draft minutes have been circulated.

1.1.151 Minutes of the Zoom meeting of March 31st, 2021
The draft minutes will be circulated

**Strategic Plan: Implementation of the New Strategic Plan**

13.1.17 Task Force on Global Newborn Screening (TF-NBS)

The survey to identify prospective countries to work with has not gone out yet. KA will get an update for the next meeting. The CDC is interested in this area and expressed an interest in being a partner. A representative from the CDC will be added to the TF. SH will be the liaison to TF-NBS

13.1.18 Task Force on Global Lab Quality (TF-GLQ)

This TF has been very active. Ten countries have been identified for the initial pilot program involving 5 labs per country (Malawi, Zambia, Bosnia, Georgia, Serbia, Sri Lanka, Indonesia, Bolivia, Columbia, Peru), and letters of invitation have been issued. Five bids have been received in response to the RFP for an EQA/IQC industry partner. The test menu of 25 tests (8 immunoassays and 17 chemistry) has been defined. The plan is to start the pilot in the summer. SSE will be the liaison to TF-GLQ

13.1.19 Task Force on Outcome Studies in Lab Med (TF-OSLM)

DK and KA will draft the call for nominations for the TF-OSLM for the next meeting. EB liaison to be determined
13.1.20  **Task Force Global Ref Intervals consortium (TF-GRIDLC)**  
*Global Reference Interval Database*  
KA met with Insoft and the database design is now moving forward.  
*EB liaison to be determined*

13.1.21  **Task Force on Global eLearning/eAcademy (TF-GEL)**  
25 Proposals have been received for 2021 webinars/virtual or practical workshops. The next webinar (on laboratory quality) will be on May 10. The goal is to provide 2 webinars per month.  
Sponsorship from Nader Rifai/Boston Children Hospital Foundation ($15,000 USD per year) and from Siemens (50,000 euros per year) is confirmed for 3 years. The funds will be used not just for webinars but also for courses and other e-Learning activities.  
*IFCC eLearning Accreditation Program*  
SH and DK will work on a plan for an IFCC eLearning accreditation program. The IFCC Office will provide the necessary support for the program but other resources may be required.  
AMLR will be the liaison to the TF-GEL.

13.0  **Task Forces**  
13.1.1  **Task Force on Ethics (TF-E)**  
AMS will be the liaison to the TF-E

13.1.6  **Task Force Young Scientists (TF-YS)**  
There will be a TF-YS session at the EuroMedLab congress in Munich.  
AHA will be the liaison to the TF-YS

13.1.12  **Task Force History (TF-H)**  
AHA will be the liaison to the TF-H

13.1.15  **Task Force Corporate Members (TF-CM)**  
The TF-CM has drafted a survey for Corporate Members that could be released in the next few months, and the TF-CM will be responsible for an annual survey going forward. One suggestion was to release the survey with the annual invoice to Corporate members. JP asked the EB to review the survey questions and provide comments.  
JP will be the liaison to the TF-CM

13.1.16  **Task Force on COVID 19**  
A new guideline on antigen testing was completed and just published in CCM. A guideline on immunization will be prepared in the future.  
KA will be the liaison to the TF-COVID.

2.0  **Full Member Societies**  
2.2  **Applications**  
*Libyan Association of Clinical Pathology LACP*  
The Council e-vote on LACP membership will occur from April 15th-May 15, 2021.

2.4  **Annual Dues**  
Update 2020 dues  
*Sudanese Society of Clinical Biology*, outstanding dues payment  
The EB is reluctant to cancel membership during difficult financial times, and KA is hoping that we can make contact with someone in the society to understand their situation. AH has emailed Jordan and Sudan with no resolution, and AH will try other contacts including the current President. AH will also try to find a group to sponsor the Sudanese society.
ABO will also see if he can contact someone. The TF-YS may also be able to suggest a contact in the society. KA suggested that the region may use some of the increased Federation funds to pay the Sudanese dues. KA also suggests that we may consider a new “Inactive” membership category with no fees and no rights when dues are not paid. The issue of sponsorship for countries that cannot afford to pay their dues will be discussed at the Council meeting.

6.0 International and Professional Organisations

6.1 WHO
ABO commented that the recent WHO meeting was a good meeting, and they are looking for areas of common interest. ABO and KA will draft a report to WHO. PB will send previous WHO reports from IFCC to KA and ABO. ABO will be the liaison to the WHO.
