1.0 Preliminaries
1.0 Opening remarks from President
Final IFCC Conference Schedule (2021-2030)
Development of a uniform conference guideline
EFLM Regional/specialty conferences in Europe

KA and DK met with Paivi to discuss the new IFCC Conference schedule and development of uniform guideline for IFCC meetings. (WorldLab, EuroMedLab, and Regional/Special Conferences)
KA, AHA and DK also met with EFLM and clarified EuroMedLab congress as a joint congress between IFCC and EFLM. An agreement was reached on the share of funds to EFLM which significantly increases revenue to EFLM. It was also agreed that EFLM can have regional specialized meetings that are not international and not competitive with WorldLab. Paivi and KA will update the current IFCC and EFLM agreement for future EuroMedLab congresses.

EFLM-AFCB joint events and IFCC’s role
KA suggested that the Regions should be able to organize joint conferences with other Regions, with the IFCC as a partner, providing support through meeting planning as part of the COC and/or scientific committee, granting auspices and advertising, providing IFCC
speakers/symposia, and providing scholarships, etc. but not requiring any share of the revenue.

**IFCC Annual Town hall**
The Town halls will be an annual event and an opportunity for the IFCC National Society and Corporation members to meet the EB and discuss timely issues and ask questions. The Regional Boards and National Society executives will also be invited to attend. There will be one Town hall for the Americas; one for Europe/Middle East/Africa; and a third one for Asia/Pacific members. A separate townhall will be arranged for Corporate members. They will be scheduled for the fall (September, October and/or November) of this year, for 3 hours, including a half hour presentation and 2.5 hours for discussion and questions. **KA to work with DK and PB to organize these.**

**IFCC Conference Tax Status** (consultation with Swiss and German Law Firms)
We have a written opinion from tax lawyers that the IFCC is not required to pay income tax. The IFCC will work with PCO and new accounting firm to deal with VAT that must be paid, depending on the country where the IFCC activity is taking place.

**Appointment of a New Accounting Firm for IFC**
KA received proposals from KPMG, PwC and Deloitte to provide accounting services to IFCC, and KPMG was chosen. KA, AHA and DK met with KPMG representatives to describe the IFCC activities and accounting needs, and a further implementation meeting is planned with the IFCC Office staff for the end of June when KA, and AHA if possible, will be in Milan. In the meantime KPMG will discuss the IFCC tax position with their Swiss colleagues to better recommend on the IFCC accounting needs. **KA to finalize agenda for meeting with Office, KPMG and possibly other IFCC officers for June 24 and 25, if travel is possible.**

Liaisons should contact the groups they represent for updates and keep in touch and receive regular communication.

AHA noted that there is a potential concern about the security of the IFCC Website.

13.1.12 Task Force History (TF-H) – Liaison: AHA
Contribution to the IFCC 70th anniversary History book
2022 will mark the 70th anniversary of IFCC (founded in 1952) and there should be a major celebration, with activities at all major IFCC events in 2022 (presentations, posters, a video, etc., highlighting history and achievements). A committee including the EB, Corporate members and the IFCC Office should begin planning for the celebration. The TF-H is working on a history book and good progress is being made.

7.3.2.25 EuroMedLab 2021, Munich (DE)
Munich, November 28 – December 2, 2021
It was agreed that there should be a virtual component to the Munich EuroMedLab congress since many parts of the world may still be dealing with COVID and will not able to attend, and many others may not be able to afford to attend. An announcement should be made no later than the summer. KA will discuss this with the COC.

Proposal for TV Channel
The COC is considering some form of TV coverage for the Munich EuroMedLab meeting. KA, AHA and DK felt this could be useful. KA will discuss this with the COC.

AHA presented an update on the IFCC finances. The audit of the IFCC accounts for 2020 has been completed and there were no issues noted. All membership dues have been invoiced. There has not been much activity by any of the IFCC functional groups and thus expenses have been minimal, and the deficit budgeted for 2021 will likely not occur, even without the budgeted EuroMedLab revenue.
